Debate continues over county status

After more than a century as a "provisional" county, Haliburton may soon become a county proper, if the change is approved by county council. The provisional status of Haliburton county was the subject of debate by councillors at their January 20 meeting.

In response to a letter sent out by county council clerk Winifred Lahay, at least seven municipal councils have indicated their support for the move to drop "provisional" from the county title, and there was further indication at the January 20 meeting that the change would meet with approval from council if put to an official vote. At present

Haliburton is the only county in the province designated as "provisional".

Several municipal reeves are still worried, however, that the change could affect grants and subsidies currently received from the provincial government. The chief concern is the \$60,000 grant that may be available to the Municipality of Sherborne, McClintock and Livingstone for the townships of Lawrence and Nightingale, which were incorporated into Algonquin Park by the provincial government. The amount is compensation for taxes lost by the municipality as a result of acquisition by the park.

There were strong

indications however, that the change in status would not affect provincial government subsidies. According to Murray Fearrey, reeve of Dysart et al, "council is getting subsidies based on needs which will not be changed by adopting county status." Representatives from most municipalities were in agreement that, providing

there will be no loss to the county as a result of the move, the new status would be a welcome change. Reeve Jim Harrison of Stanhope told council that "according to information received from the Ministry of Municipal Affairs, there is nothing to be gained by waiting."

Dropping provisional from the title could initiate changes

for the Improvement District of Bicroft as well. Bicroft was designated an improvement district in 1957 by the Ontario Municipal Board. There is currently no county in the province with an improvement district. Most councillors agreed that Bicroft now deserves recognition as a municipality. "There's nothing I'd like better than to

see an elected council in Bicroft", said Bill Howe, who represents Bicroft on county council as chairman of the district. In lieu of becoming a municipality, the district may be re-incorporated into the municipality of Cardiff.

The issue of changing the status of Haliburton county

Man collars suspects following break-in

Four men have been charged with breaking and entering and theft in connection with an incident Tuesday night at the home of Haliburton area resident John Stainton.

Stainton and his wife returned to their home on Highway 121 west of Haliburton late Tuesday night to find their stereo system lying in the snow on their front lawn. Stainton saw four would-be thieves running from the scene and gave chase with a hammer while his wife ran to call Minden OPP.

Stainton caught all four youths and held them in their car until P.C. Al Bibby arrived. The four charged are Eldon Bull, 16 of Minden, and Robert Edge, 16, David Lennie, 18 and Michael Hughes, 18, all of Stanhope Township.

Juveniles charged

A Kennisis Lake cottager was not as fortunate in detaining the thieves who made off with his snowmobile Friday. Neil Stanhope overtook his snowmobile while enroute to call police after discovering it missing from his cottage. Stanhope managed to stop the two juveniles who had taken the machine but they got away from him and escaped in their car.

Stanhope reported the theft to Minden OPP and the two youths were later apprehended on Kennisis Lake Road at West Guilford by P.C. Wim Magee.

The two boys, aged 14 and 15, were charged under the Juvenile Delinquent Act. They had been reported

missing from Toronto Thursday after they allegedly "borrowed" a car from one of the boys' fathers.

Paper theft

\$115 was stolen from six Toronto Star and Globe and Mail newspaper boxes in Minden January 20. Thieves snipped the locks and removed five of the coin boxes while causing an additional \$25 damage. Constable Mike Smith investigated the incident.

Snowmobiles collide

Two men were injured Friday when their snowmobiles collided head-on on a private trail in the Haliburton Forest and Wildlife Reserve.

Marvin Shepherd, 22, of Newmarket and Larry France, 28, of Markham, started out together on the trail before the lead rider doubled back and collided with his partner at the crest of a hill. The two were taken to Haliburton Red Cross Hospital suffering internal injuries

and broken bones and later transferred to York County Hospital for treatment. The crash completely destroyed both machines, which were valued at \$9,000.

P.C. Mike Smith investigated the mishap for the Minden OPP.

Christians from throughout the Minden area gathered at Our Lady of Fatima Roman Catholic Church Thursday for an ecumenical prayer service. Father George Elliott, left, of the Anglican Church, Father Bollo of the Roman Catholic church and Reverend Douglas Miller of Minden United Church, right, led the congregation.

Canoe museum will stay in county creator vows

The Kawana International Canoe Museum will remain in Haliburton County if its founder, Kirk A. W. Wipper, of Toronto has anything to say about it. The man who saw a hobby grow into the largest collection of canoes, kayaks and related water craft made the comment January 18 at the Minden Rotary Club meeting.

In part, Wipper said, he was responding to a report which circulated last year that the museum was about to be moved out of the county. "I don't know how the story got started," Wipper stated, "but

it is simply not true."

The museum builder said that he was eager to find another location in the county to display the wide selection of craft. Describing the second museum as a "satellite" site, he suggested the museum collection could be divided between the two locations. The satellite museum would provide easier access for tourists, students and others, Wipper suggested. He said a location near Minden would be ideal for the satellite museum.

At the moment the collection is housed where it

first began, on property adjacent to Camp Kandalore, near Ox Narrows in Stanhope Township. Wipper began collecting the boats when he was a director of the camp. "I started the collection as a tribute to the watercraft and those who fashioned them," Wipper said. "From a few craft hanging overhead in the dining room, the collection rapidly expanded." At the moment the museum includes 700 full-size specimens from all corners of the world. As well the museum has paddles, oars, blades and poles. Included in the collection is a

limited number of motor boats from the earliest years of that mode of transportation.

The collection has been brought together by Wipper using mostly his own resources. He has obtained some assistance from federal and provincial sources, but according to the professor of physical education at the University of Toronto, the help has not met the museum's operating costs.

Wipper speculates that reports that the museum may

(more on page 2)

Museum founder seeks satellite location

(from page 1)

be moved could have been prompted by a feasibility study which has been undertaken by the senior levels of government and Trent University. That report is expected to be released soon.

According to Wipper, the government officials are concerned about the location of the museum and the state of the display of the specimens. He noted that a number of communities, including Ottawa, Bracebridge, Trent University and others have expressed interest in acquiring the collection. However, Wipper, who is the owner of all the craft, is adamant that the collection should remain here.

"I am pleased to lend parts of the collection for various purposes, if the

specimens can be safely moved, but I think their home base should be here," Wipper commented. This summer two large canoes will be on display in Halifax as part of that city's anniversary celebrations.

The museum creator agrees readily with the suggestions that the facility falls short of what it should be. He admits that access to the present site should be improved, that a fire sprinkler system should be installed and that a greater effort could be made to display the specimens. But he points out that his efforts and resources continue to be directed to acquisition of new exhibits. "Many are 'one of a kind' craft that, if I don't get them when they become available, they could be 'gone' forever," he told the meeting.

Creating a satellite museum in the county, according to Wipper, would help to keep the collection together and split the risk of having all the boats under one roof. As well, it would provide more room for better displays at the present location and additional space for restoration work. Wipper suggested that if the exhibits were properly displayed in a building readily accessible to the public, the museum could become a major tourist attraction for the area. However, he also notes that it would be unlikely the admission to the museum would cover the operating costs and the collection would always have to rely on government assistance to continue operating.

Wipper predicts the report, expected shortly, could have a

Kirk Wipper, right, and Jack MacGregor discuss the features of a canoe model from Nuiue Island near Tahiti. The canoe represents one of many exhibits at the Kanawa Canoe Museum. MacGregor is a director of Camp Kandalore, where the museum is located.

major impact on the future of the museum. He refused to speculate on what the report

might recommend, but he has prepared his own analysis of the situation and is prepared

to fight for the museum which has grown under his care.

Consensus forms on representation at county level

Haliburton County Council is still debating whether to adopt changes that could alter municipal representation on council. The issue, which has been before council since late last year, was a topic of debate again at the January meeting.

The changes being considered by council could also redistribute votes among council members, according to the population of the

municipalities they represent. At present, county council is composed of the reeve and deputy reeve of each of the nine municipalities and one representative from the Improvement District of Bicroft. Council is currently considering two options, sections 27a and 27b of the Ontario Municipal Act, which provide new formulae for the structure of council and the distribution of votes.

Generally, when votes are taken at a County Council meeting, each member is allotted a single vote. However, under a provision of the Municipal Act, certain municipalities are given additional votes in proportion with the populations of those communities. Each township is guaranteed at least two votes, one for the reeve and deputy reeve. The weighted voting system is employed for recorded votes alone.

Adopting section 27b would reduce council from its present size of 19 members to only 10. Although the number of votes allotted each municipality wouldn't change, all voting power would rest with the reeve rather than being shared with the deputy reeve. Some councillors feel that a 10 member council could function more efficiently since there would be reduced debate among members and decisions could be reached more quickly as a result.

But other councillors suggested that the move would mean an increased work load for reeves, who would be forced to sit on more committees without deputy reeves to share these duties. This is particularly difficult for reeves who hold full-time jobs. It would also be more difficult for deputy reeves to fill in when reeves are absent, since deputy reeves would no longer be fully aware of issues before council.

Another alternative facing council is section 27a of the Act. Under this scheme county council would retain deputy reeves and votes would be redistributed amongst municipalities to reflect population.

At present the 19 representatives on council have 29 votes. Under section 27a, the

townships of Snowdon, Monmouth, and Cardiff would no longer be able to send their deputy reeves to the meeting. The reduction to a single representative is a reflection of their low population. Cardiff would also lose one of the two votes now assigned to its reeve.

As well, Stanhope Township would lose two of its four votes and the remaining townships, except Dysart et al, would lose a single vote each. The end result would be a council of 16 members who, on recorded votes, would have 19 votes to cast.

Despite much debate of the issue by council, Reeve Murray Fearrey of Dysart et al said that the response made it obvious that no municipality wanted to lose their deputy reeves from council. Such a sentiment reduces the likelihood that council will opt for section 27b of the act.

There is some indication, however, that the revised vote allotment provided under 27a would be welcomed with the proviso that the deputy reeves

of all townships be allowed to attend meetings, even if they were not empowered to vote.

According to county warden Ron Gambell, the three municipalities of Dysart, Anson, Hindon and Minden, and Stanhope currently pay 70% of county bills yet they only control 12 of the 29 votes allotted around the table. He said this was an unfair distribution of voting

power and compared it to a company where the main investor provided 70% of the funding while only having 30% of the voting power.

If council decides to adopt a revised structure, the move could bring voting power on council in to line with financial support.

Whatever the outcome of the council's debate, any change in the number of members of council and the distribution of voting powers will have to be approved by the provincial government before it becomes a reality.

The options

Confused about the proposed changes to the representation and votes allotted at County Council? Well, you're not the only one. Even some members of the council appear to be somewhat befuddled by the options open to them and exactly what the changes could mean in voting strengths.

To help clarify the situation, the following chart outlines the present representation and voting strengths as per section 27 of the Ontario Municipal Act. The options being considered by the council, sections 27a and 27b, are also indicated by the number of votes and the number of representatives.

SECTION	27 (presently in use)		27a		27b
	number of votes		number of votes		votes
Township	reeve	deputy reeve	reeve	deputy reeve	reeve only
A. H. & Minden	2	2	2	1	4
Bicroft *1	1		1		1
Cardiff	2	1	1	*	3
Dysart et al	2	2	2	2	4
Glamorgan	2	1	1	1	3
Lutterworth	2	1	1	1	3
Monmouth	1	1	1	*	2
Sherborne et al	2	1	1	1	3
Snowdon	1	1	1	*	2
Stanhope	2	2	1	1	4
Total votes	29		19		29
Total members	19		16		10

* Under provisions of 27a deputy reeves from these townships would no longer hold a seat at county council.

*1 The Improvement District of Bicroft is represented by its chairman.

Snowarama shoots for a million

Former world champion wrestler Whipper Billy Watson made a living being tough, but he's always had a soft spot in his heart for the disabled. Watson has been campaigning on behalf of the Easter Seal Society for 37 years now, travelling thousands of miles annually to raise funds for the 7,000 disabled children in the province. Monday night was Minden's turn to hear his message of goodwill, as Watson was here to address the Minden & Haliburton Rotarians and kick-off promotion for the annual Whipper Watson Snowarama.

Thanks to tireless promotion by Watson, Haliburton and Minden snowmobilers will get the chance to do their part to raise

funds for Easter Seals. The snowmobilers will take to the trails February 6 at 7:30 a.m., collecting pledges for every kilometre they ride.

Lionel Walker, organizer for this year's Snowarama, explained some changes to fellow Rotarians that he thinks will make the event even better this year. Walker plans on using two trails, one for Haliburton riders and one for those from Minden. He hopes this will keep the trails in good shape right through the day by dividing the load between them.

Funds raised in the Watson Snowarama broke the \$900,000 mark in Ontario last year; on February 6 Walker will have \$1 million in mind. Thanks to the work of Watson and with the pledges from all of us - it just might happen.

Famous wrestler and longtime friend of crippled children in Ontario, Whipper Billy Watson spoke to a combined meeting of the Minden and Haliburton Rotary clubs Monday. He was here to promote the annual Snowarama.

Tax clinic for seniors

Haliburton County seniors will find the mysteries of income tax a little easier to understand again this year, thanks to the efforts of the Haliburton County Home Support Services.

The organization will be sponsoring an income tax information clinic at the Haliburton Legion on Friday, February 12.

The workshop is designed to give participants access to professional advice on income

tax problems. The program will include a review of last year's return, a discussion of Ontario tax grants for seniors, and a question and answer period. There will also be time at the end of the meeting to discuss specific problems individuals may have.

This year's clinic will be run by Dave Wilson, public relations officer for the Belleville office of Revenue Canada. The event gets under way at 9:30 a.m.

A hot time planned for Kinsmen Carnival

There's going to be a lot of hot air in Minden this weekend that hasn't been predicted by the weatherman nor supplied by local

County status

(from page 1)

may soon be put to council for a vote, pending more information from the provincial government on the full implications of the move. Anson, Hindon and Minden reeve Lloyd Walker told council Wednesday that MP John Eakins has agreed to investigate the issue on behalf of council. Eakins is expected to make his findings available to council at the next meeting, scheduled for February 17.

Haliburton was designated as a "provisional" county by the provincial government when first formed in 1874, because it did not have sufficient population to warrant the status of full county. Population growth and economic expansion have since made Haliburton eligible for the proposed change in status.

politicians. All the warmth will be inside a giant balloon at the Kinsmen Winter Carnival.

This is the first year the Kinsmen have featured the balloon, and Carnival chairman Paul Travers expects it to be a big success. Owned and piloted by Steve Bowskill of Haliburton, the balloon will offer a spectacular view of earth-bound activities for those brave enough to take a ride. The tethered balloon will be afloat both Saturday and Sunday, weather permitting.

If you've always wanted to scream at your MP, Saturday night is your chance. Bill Scott will don striped jersey to referee the Old Timers game between Huntsville and Haliburton Highlanders. The game starts at 8 p.m. Other hockey action this weekend includes the Industrial House League Allstars game between Haliburton and Minden. That game starts Friday night at 8. As well, all day Saturday, teams from throughout the area will battle for top honours in the Minor Hockey Novice hockey tournament.

And, if you'd rather watch something a little prettier, try the figure skating demon-

stration by the Minden Club Friday at 7:30. Or do away with skates altogether and watch the bonspiel, which runs through the weekend with finals Sunday morning.

And don't forget about the action off the ice. The students of Archie Stouffer School are holding events all this week at the school, including an outdoor cookout and sock hops both Friday and Saturday nights. If your socks have holes, you'd better try Blue Grass Northern. This

\$1,537 raised for Cerebral Palsy

Thanks to the Kinnette Club of Minden, the fight against cerebral palsy will be made a little easier this year. The Kinnettes raised \$1,537.55 in pledges from Minden area residents through a telethon they conducted on Saturday, January 16.

Pledges came in from all over the country, and some places outside the county, including Burnt River, Carnarvon, Coboconk, Dorset, Eagle Lake, Fenelon Falls, Gooderham, Halibur-

ton, Kinmount, Kirkfield, Lochlin, Minden, Norland, Peterborough, Tory Hill and West Guilford. The telethon was made possible through the help of Rob Young, who provided phones and invited the Kinnettes to conduct the event from his home.

The funds will go to the Canadian Cerebral Palsy Foundation to help with research, education and patient services. Kinsmen funds donated to CCPF total more than 2 million dollars.

Editorial

Growing up

It is time Haliburton came of age and became a county in its own right.

Most county residents are probably unaware that Haliburton is the only county in Ontario designated "provisional" by the provincial government. Haliburton operates as a county at all levels (except for the provision of judicial services, a responsibility which passed to the province a number of years ago), and yet, some members of county council are still reluctant to apply for a change in name.

Haliburton County received its "Provisional" qualification when it was formed in 1874. The conditional status arose out of a need for funding for the railway. The provincial authorities were hesitant to approve full county status because the area did not have the necessary population base.

That was over 100 years ago. The situation is clearly different today.

The county council was told Wednesday by the County Clerk that the only cost which could be attributed to the dropping of the word provisional from the title would be the expense of formerly asking the province to make the change and printing new stationary.

It is more than the cost of letterhead that is holding back final approval for the change. Some politicians are fearful the move will affect grants and subsidies received by the county. If this were the case, there would certainly be reason to pause. However, no one at the juncture has pinpointed any loss the county would incur. Indeed, the council has received assurances that there is nothing to be lost by the change.

Seven of the nine municipalities which form Haliburton County have indicated their desire to see the "provisional" dropped from the name. It would appear, therefore, that the change is an eventuality. What we, and most members of the county council, find surprising is the reluctance of some to endorse the change. If they know of some specific problem the change could create, they should speak up now. Otherwise their attitude is only another example of the intransigence which has blocked change in the past.

The change may seem trivial, but the attitude the action demonstrates is vital. If the county is to progress and grow, it must first appear to be a place of potential and opportunity. Removing the "provisional" from its name will be a positive step in that direction.

Coming up

Saturday, January 30: Craft display and sale, 11 a.m. - 3 p.m. St. Paul's Anglican Church.

Saturday, January 30: 11:30 a.m. - 2 p.m. Soup and sandwich lunch at St. Paul's Anglican Church. Sponsored by Minden Scouting Group. See posters.

Sunday, January 31: Minden Figure Skating Club is once again putting on the pancake breakfast at the Minden Arena from 9 a.m. - 12 noon. Adults \$3, children \$1.50.

Tuesday & Wednesday, February 2 & 3: The Minden Curling Club hosts the S.O.L.C.A. Ladies tankard competition starting at 9 a.m.

Wednesday, February 3: Community shower for Bess and Fred Cox at the United Church, Minden. 8:00 p.m.

Along the trail

Letters Letters Letters Letters

Editor:

This letter is about the refereeing of the Juvenile game at the Minden arena on Friday January 22.

We all realise that the referee can make or break a game and cannot possibly see everything that goes on during a game, but when he allows our boys to be almost beaten up, I feel it's time someone took a stand and spoke out. It seems to me that a referee who decides in the first few minutes of a game who is going to win is not being fair to either team. I feel his main job is to judge, fairly and impartially, what is taking place on the ice - from where we stood, this particular man was neither fair nor impartial.

As soon as a team finds out the referee is on their side the game gets out of hand and all the penalties seem to go in one direction. Naturally, the other team fights back and are literally loaded with penalties - unfair!

Who, in his right mind, would allow another player to take advantage and not retaliate?

I could quote many examples of poor refereeing which took place Friday night, one being the out of town player who took our goalkeeper under the chin

with his stick - NO PENALTY. How high does a stick have to go before high-sticking is declared? Another example was the two players who were sent to the penalty box for roughing - fair enough - however an out of town player skated over and hit the Minden player on the head with his stick while the

Minden player was still in the box! No penalty for that either!

I could go on and on, but what I really want to say in the short space available is that this man, who calls himself a referee, should not be in the game at all if Friday night is

(more on page 5)

value marshes for the chance to hunt waterfowl; some for the myriad of small birds that call wetlands home; some for the special beauty of a wetland in full bloom; and some simply because the drainage of wetlands so often

is a waste of precious money and resources.

But, whatever the motives, conservationists agree on one

point - a strong protective policy for Ontario wetlands is long overdue.

A discussion paper on just such a policy is now available from the Ministry of Natural Resources, Queen's Park, Toronto, with a period for public comments until the end of February. The discussion paper brings an official endorsement to the concern

about the continuing loss of southern Ontario wetlands. according to government estimates, only 13-22% of the

original wetlands south of the Shield remain. The rest have been converted to farmland, marinas, harbours, or

industrial sites.

Yet wetlands are clearly the most valuable wildlife habitats in Ontario, in many

cases critical to the survival of the wildlife and fish of surrounding areas. Because wetlands are natural pollution

fighters and streamflow regulators, we all pay for their loss through higher taxes for flood and pollution control

facilities. Mr. Alan Pope, the Minister of Natural Resources, needs to hear your

support for a wetlands protection policy. Please take time to write and let him know that you care.

an example of his performance!

I have watched him for years and should have spoken up sooner - no parent wants to watch a child be hurt or maimed in what is supposed to be an enjoyable experience. Our children are precious to us, why should a man in the position of judge, allow one team to hurt another by his disgusting decisions.

Clean up Minor Hockey starting with poor refereeing. Save a child's life! I write on behalf of Minor Hockey parents, fans and players.

Opal Crowe,
Minden

Editor:

I've a remedy, which I feel, could reinstate the popularity of minor hockey in the area and almost eliminate travel costs: Establish a new league with the following guidelines..

Instead of a team in each town of all same-age players, have several teams of mixed-age players. At the start of the game the 7 & 8 year olds are iced. At a 3 minute buzzer the 9 & 10 year olds and at the next buzzer the 11 & 12s. This rotation would repeat all through the game.

This system would create several teams in each community which could play each other on a competitive basis. There would be enough teams in Haliburton and Minden for example to have a varied and successful league. In addition, boys in the same family could all play on the same team making things much easier on their families.

If a competitive team was desired to play in an out-of-town tournament then a town could simply select same-age lines from several of its teams to form one representative team.

I hope persons involved in minor hockey throughout the county will take a long look at this concept. As a father of a boy who has played in minor hockey for more than 10 years I look back fondly at the benefit he has derived from the game and at the enjoyment it has provided to his family.

It would be a shame to see hockey get priced right out of existence. I think this system would save it.

Gary Chapman,
Minden

FROM THE CHAMBER

By Bob Stinson

Haliburton County, this weekend played host for the fourth time this winter to 16 teams of youngsters attending a hockey tournament. Each of these tournaments brings in about 300 parents along with their budding young hockey stars and is a major boost to our tourism economy on otherwise "soft" weekends. A major plus also is the fact that they are not dependent on the weather to be successful and hockey parents seem determined to get through any kind of weather to be here to compete.

A lot of people put a lot of work into making these events successful and we should make it a point to let them know it is appreciated. Among those who deserve our thanks are the many families who billet players for the weekend. With our small population base it is no mean feat to locate over fifty households willing to take on a couple of extra youngsters for that period of time and it speaks very highly of our community spirit that they have been able to do so.

So—let's hear it for the volunteers.

One more human right lost

That constitution our country was so excited about passing a few months ago may be a step in the right direction but one has to question what rights it may give us when so many are being taken away. The latest one to be brought to light was the fact that according to the Post Office it is illegal to deliver our own mail.

There are two things we find incredible about this. First of all it is unbelievable to think that such a law exists and is enforceable in a so-called democratic country such as ours, and secondly that we seem to be prepared to accept it. If we, as Canadians, don't begin to show a little more indignation about having our rights removed one by one the martial law we see taking place in Poland is not an impossibility here.

5 memberships in 1

Our office is presently preparing the membership list for Central Ontario Travel Association which will appear in their 1982 directory. It occurred to us that all our members may not even be aware that when they purchase a membership in the Chamber we in turn submit \$7.00 each to C.O.T.A. to enroll them as a member of that organization. This entitles them to all the benefits of full membership including a new subsidized advertising program that is being prepared for the coming year.

Another \$1.50 per member goes to the Ontario Chamber of Commerce which provide us with a great deal of provincial communication

and on top of that, this year we have also become members of the Ontario Association of Convention Bureaux. Now add to that the new arrangement that provides members the opportunity to direct their membership dollars into the budget of either the Chamber or the new tourist and convention bureau. Your membership in the Chamber now provides you with a total of five organizations specifically working on your behalf.

Incidentally anyone wishing to join C.O.T.A. directly may do so for \$50.00 and up, but buying a membership in the Chamber and having us do it for only \$7.00 is a bargain of a lifetime.

It's carnival time

With the Minden Carnival kicking off this Friday, it begins over a month of special activities which will enhance our winter tourist season and

provide a good time as well. Here is a brief run down on what's coming up:

January 29, 30, 31 - Minden Winter Carnival sponsored by Minden Kinsmen Club at Minden Arena and Fairgrounds. Contact Rob Young 286-1584.

February 6 - Whipper Watson Snowarama is held in Haliburton and Minden. The Rotary Clubs of these villages

sponsor this event. Contact Lionel Walker 286-2101.

February 5, 6, 7 - Highland Mixed Curling Bonspiel at Haliburton Curling Club. Contact Linda Beachli 457-2937.

February 13 - Stump Jumpers' Snowmobile Rally and Dinner organized by the Gooderham Recreation Committee. Contact - Bob McCausland 447-2736.

February 19, 20, 21 - Haliburton Winter Carnival organized by the Haliburton Rotary Club and held in Haliburton Village. Contact - Art Dawson 457-2411.

February 20 - Haliburton Highlands Sanctioned Cross Country Ski Tour sponsored

by the Haliburton Cross Country Ski Club and L.K.T.A. Contact Deer Lodge 457-2281.

P.S. - Don't miss seeing the new SkySlider hot air balloon at the Minden Kinsmen Winter Carnival.

It's not work
to walk.
So why not
walk to work?

Balloon could promote county

County businessmen are being asked to provide financial backing to put Haliburton high in the Toronto sky. The request was part of a presentation made Tuesday evening at the Haliburton Legion.

The Haliburton Highlands Chamber of Commerce, in conjunction with Skyline Rides Ltd., operator of the Sky Slider, have devised the scheme that could raise the profile of the Highlands.

The operator of the Sky Slider, Steve Bowskill, has purchased a large hot air balloon which he intends to use as an attraction at the top of the slide run in Haliburton. During the off-season, the balloon will be used to promote the slide ride, with a large Sky Slider logo on the side of the balloon.

He has proposed, in cooperation with the Chamber of Commerce, that a similar banner be attached to the other side of the balloon reading, "Haliburton Highlands...yours to discover". The balloon is scheduled to make a series of appearances at shopping malls in the main market areas in and around Toronto and so, according to Chamber manager Bob Stinson, the reference to the Highlands will help to increase the public's awareness of the area.

"One of our main problems has always been identity," Stinson commented. "Now we can make a huge dent in that situation with this one project."

According to Stinson, the cost of renting a similar balloon would be \$1000 per day. However, Bowskill has agreed to half that fee. The Chamber will be able to get its message across on a 15 foot by 28 foot banner attached to the side of the balloon at a cost of

\$500 per day.

In conjunction with the balloon floating over a shopping centre, the Chamber will have a booth inside the mall where literature about the area will be available for those interested.

The one stumbling block to the idea is the fact that the Chamber does not have any funds to allocate to the scheme. That was the purpose of the meeting Tuesday

evening. (Since the meeting took place after press time, we are unable to report on the details of the meeting at this time.)

Businessmen from throughout the county were invited to the Haliburton Legion where they were to have an opportunity to hear about the program, see the balloon in flight, weather permitting, and would then be asked to pledge an amount of money to

help cover the Chamber's share of the program.

The total cost of the program for the Chamber is \$8000 since the balloon is scheduled to appear at 16 locations between now and the opening of the summer season.

Those attending the Minden Kinsmen Winter Carnival will have an opportunity to see the balloon as it is scheduled to be flying near the arena.

Police will continue search for hot motors

Haliburton County Council has been approached by Constable Gary Chapman of the Minden OPP with a scheme to uncover stolen outboard engines in the Highlands. Chapman presented his proposal to council at their January 20 meeting.

Under the OPP scheme, marina operators who store outboard motors for the winter would compile a list of the engine serial numbers. These lists could then be checked against OPP computer lists to determine if any stored engines were stolen property.

OPP in the Minden area currently check 10 to 15% of outboards in storage, according to Constable Chapman. At present constables must physically check each motor themselves by crawling into storage spaces.

There is one hitch with the idea, however. Chapman requested county reeves to recommend the plan to marina operators when issuing licences. But since municipalities do not issue operating permits to marinas, the scheme will have to be implemented through direct

cooperation between OPP and individual operators.

Chapman also received praise at the meeting for OPP work in removing parked cars from rural roads. According to Chapman, there were eight accidents involving parked cars in the winter months of 1981, causing six injuries and a total of \$21,000 in damage. Most of the incidents have involved snow ploughs unable to carry out their work

because of the cars, which obstruct road shoulders.

Although certain car owners are probably not too happy with the results, Chapman expects to greatly reduce mishaps resulting from negligent parking in the coming months. He said also that police are making a concerted effort to contact car owners before vehicles are actually removed.

Snowmobile stolen

A \$3,000 snowmobile has gone missing from Moores Falls. Hugh Pancoast of Stoney Creek was storing his machine at Moore Falls for the winter when it went missing some time after January 10. Constable Wim Magee is investigating the incident.

Four charges

A Minden man is facing four charges after driving his pickup truck into a snow bank on Highway 35.

28 year old Kirk Taylor has been charged with impaired driving, criminal negligence, refusing to submit to a breath-

alyzer test and refusing to stop for a police officer after attempting to out run P.C. Jim Martin's cruiser when the constable signalled for him to stop.

"New" cruiser

The Minden detachment will have a new car added to their fleet for the Kinsmen Winter carnival this year. "Car 1", a 1941 Chevrolet, will be arriving Thursday to take part in the parade and go on display for the carnival. The Chevy has been restored to its original condition as an OPP cruiser and will be shipped from Toronto for the event.

Letters

(from page 5)

Haliburton County Snowmobile Association to \$2,800 from \$13,000 last year.

As stated in one article, the Ministry received approximately \$8,000 last year as a direct result of licence fees paid by H.C.S.A. members.

The H.C.S.A. cannot possibly keep the trails in good condition with monies from membership fees alone without well groomed trails, outings will decline.

In summary, the more money spent on this sport, the more money will flow into Northern Ontario for gas, food, lodgings, and mechanical repairs. It is not worth the consideration of a larger grant or would it be better to have businesses close, resulting in increased unemployment?

I enjoy Ontario outdoors in all seasons. Ontario has it all. Can't we help to keep it this way?

(Mrs.) Gwen Woodard,
Willowdale, Ont.

PUCK TALK

Novice

Robie Ackerblade had an outstanding game Friday in Oakwood as he led the Minden Novice team to a 5-5 tie against the Oakwood club. Ackerblade scored all 5 goals for Minden, 4 of them unassisted. The fifth came on an assist from Randy Bull.

The tie was well earned by the Minden team, as Oakwood is undefeated this season and has given up only one tie previous to the game against Minden.

The Minden novice team will host their annual tournament this Saturday, January 30, leading off with a game against Fenelon Falls at 8 a.m.

Atom

The Minden Atoms had trouble against the Haliburton team Thursday, going down to a 6-1 defeat. Scott Russell had the only goal for Minden, which came early in the third period on an assist from Jay Hughes.

The two teams were scoreless in the first period before Haliburton got two in the second. Scott Russell brought Minden within one goal after only 30 seconds of the third period, but persistent pressure from Haliburton paid off in four more goals before the final buzzer.

Gary Scheffee scored two goals for Haliburton with other markers coming from John Vuksic, Kelly Youngdale, Steven Prime and Philip Johnston.

Bantam

The Haliburton Bantams proved too much for the Minden team on Thursday when they handed the Bantams a 4-0 defeat at the Minden arena.

After two periods Haliburton led by only a goal, but they came back with three more in the third period to secure the win. The Minden effort was hampered by

penalties; Minden was handed 14 minutes in penalties while Haliburton took only 8.

Goalie Vince Duchene recorded the shut-out for Haliburton. The Haliburton markers were potted by Tran LaRue, Mike MacNaull, Paul Kuno and Corey McKnight.

Greg Newell came up with a pair of goals to help the Bantams edge Woodville 4-3 on Saturday in Minden. Jeff Howe was instrumental in the win as well, supplying one goal and assisting on both of Newell's markers.

Newell opened the scoring after only 41 seconds of the first period with assists from Howe and Paul Aggett. John Ballantyne made it 2-0 for Minden 6 minutes later on an assist from Mike Gorveatt, to end first period scoring.

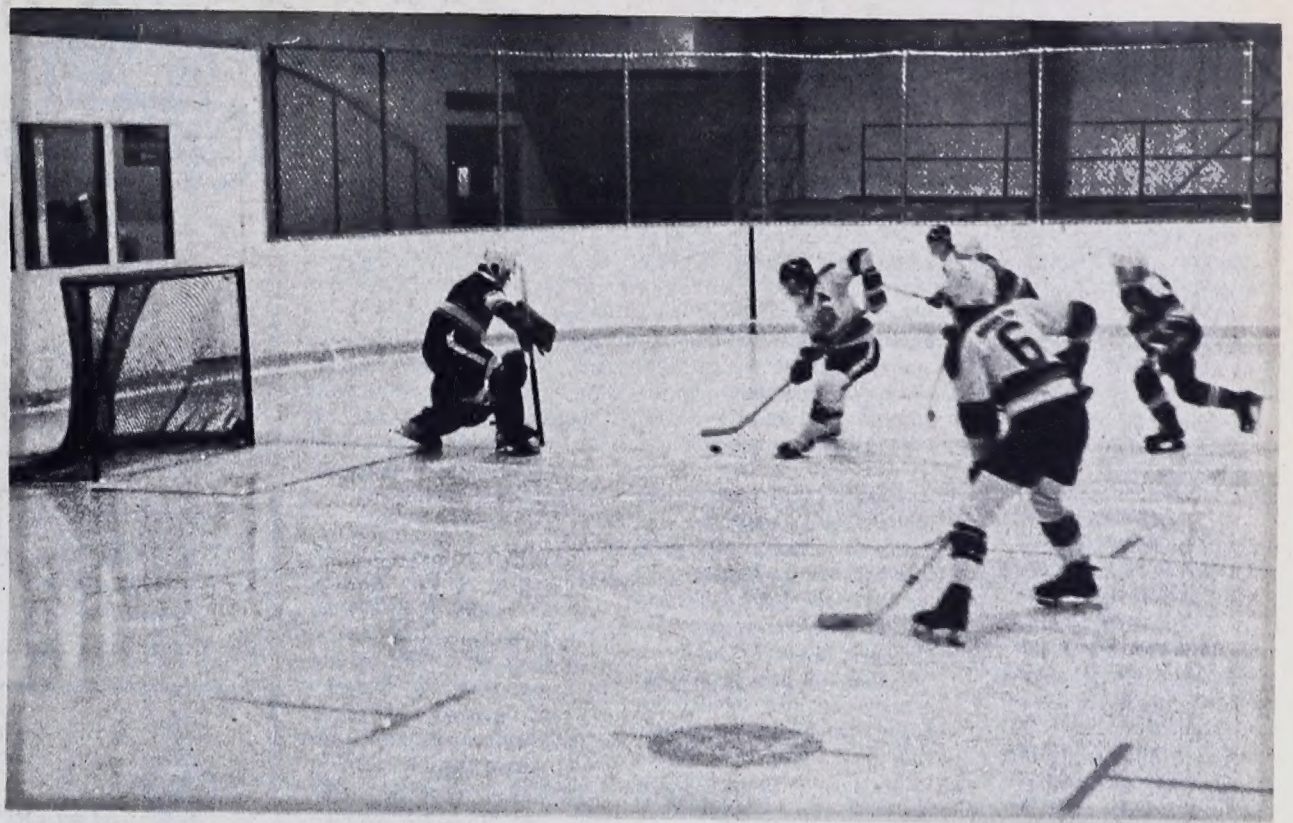

Woodville made it 2-1 half way through the second on a power play goal. But penalties hurt Woodville later in the period when Newell scored from Howe and Gorveatt with Woodville two men short.

Jeff Howe scored on an assist from Paul Walker early in the third period to put Minden up 4-1. Penalties again hurt Minden, though, as Woodville picked up two more power play goals to come within a goal of evening the score. Minden held on for the final thirteen minutes of play to earn the win.

Midget

Minden was at the down end of a 4-3 score as the Midgets dropped a game to their Woodville rivals, Saturday.

The Midget game was a colourful one off the ice as well as on. Last time the two teams met in Woodville, players and fans taunted Minden by calling them "a bunch of choir boys". The Minden team responded at Saturday's game with a banner for the players' box which read "The Minden

A Minden Midget forward, in light jersey, closes in on the Woodville goalie during a regular season game Saturday at the Minden Arena. The two teams turned in excellent performances with Minden scoring to tie the game 3-3 early in the third period. The Monarchs were unable to stem the Woodville attack however, and the visitors connected with one more goal to take the game.

Choir Boys". One player's father even showed up wearing a priest's collar, under the pseudonym of Father O'Reilly. Entertainment at the game was appropriate to the theme as well; a tape of Charlie Pride singing "The Church in the Wildwood" was played at intermission.

Woodville still took the day on the ice, however. They surprised Minden with a short-handed goal a minute and a half into the first period. Greg Newell came back 7 minutes later with an unassisted goal to even the score. Penalties took their toll later in the period when Woodville scored with Minden two men short.

Woodville scored another short-handed goal in the second period to go up 3-1. Scot Hamilton replied unassisted to bring Minden within one, and Tim Wood tied the game for Minden in the third. But Woodville persisted with a goal at 6:17 of

the third period proving to be the winner.

The Midgets fared better against Bobcaygeon the next day, racking up a 6-2 victory at the Minden rink. Scot Hamilton had a big game for Minden, scoring twice and assisting on two others, while Jeff Stamp had two goals as well.

Stamp and Harold Cowen scored two for Minden in the first period. Hamilton's first goal came 4 minutes into the second period on an assist from Wade Barry. Tim Wood combined with Andrew Shapiera and David Schell while Minden was short-

handed, putting Minden ahead by a comfortable margin of 4-0. Bobcaygeon finally responded with their first goal of the game eleven minutes into the second period.

The only other Bobcaygeon marker came early in the third period with one of their own in the penalty box, but Stamp and Hamilton came back for Minden with one more a piece to put the game beyond reach. Stamp was assisted by Hamilton and Greg Newell, while Hamilton's goal came from Tim Wood on a power play. Brett Foster was strong in the Minden nets.

The schedule

Thursday, January 28, 8 p.m.: Fenelon Falls Bantams at Minden.

Saturday, January 30: Novice Tournament.

- 8 a.m. - Minden vs. Fenelon Falls.

- 9 a.m. - Beaverton vs. All Saints (Peterborough)

- 10 a.m. - Oakwood vs. Bracebridge.

- 11 a.m. - Bowmanville vs. South River.

Sunday, January 31, 2:30 p.m. - Huskies' game.

Hillcrest claims title

Hillcrest was named grand champions of the 'A' series in the Atom tournament played during the weekend in Haliburton. The event drew 16 teams from throughout southern Ontario.

Grand champion in the 'B' division was Leaside.

The Haliburton team won its first game, defeating Uxbridge Friday afternoon 3-1. However, the only local team in the competition, lost its next game against Leaside and was eliminated from further play.

Yake breaks 100 as Huskies drop pair

Ron Yake became the first member of the Haliburton Huskies in the team's history to earn 100 points in a single season on the weekend. But the milestone did not impress the Parry Sound Shamrocks, who dealt the Huskies a 6-4 defeat on Haliburton ice in Saturday's game.

Yake has had an outstanding season so far, scoring 39 goals in 31 games and earning 62 assists. Line-mates Dave Nicholls and Tim Davies are not far behind, however; Davies has 90 points in 30 games and Nicholls has 80 points in only 24 matches.

The high-rolling threesome combined for 2 of Haliburton's 4 goals against the Shamrocks, but four goals from Parry Sound in the final period put the game out of reach for the Huskies.

The first period ended tied at one goal after Davies connected from Yake and Nicholls to score. The assist was the 100th point for Yake, who went on to earn his 101st point when he assisted on a Nicholls' goal in the third period. The two teams were

still tied after two periods of play thanks to the work of Ed Roberts, who beat the Shamrocks goaltender with help from Darren MacInnes and Chris Hodgson. The goal came with Parry Sound short-handed and left the teams even with two goals apiece.

The Shamrocks still had something in store for the Huskies, however, as they exploded for four goals in the final period. Huskies' Kevin Shapiera scored a goal from Shaun Chapman; and Dave Nicholls finished off a pass from Yake and Davies, but the Shamrocks held on to win it 6-4.

The Huskies didn't fare any better against the Midland Centennials Friday, as they went down 6-3 at the Midland rink.

Midland went up 2-0 in the first period, but Haliburton came back to tie the game by the end of the second. Dave Nicholls made it 2-1 on assists from Ron Yake and Tim Davies and Shaun Chapman tied it on passes from Scott Arbuthnot and Corey Walker.

Haliburton was hurt by another big third period from the opposition when Midland came up with 4 goals in the final period to Haliburton's one. Nicholls got his second of the game on assists from Davies and Duff Mitchell, but the Huskies were still three goals short of a tie by the end of the game.

The Huskies return to the Minden arena this weekend for the second of two games scheduled here this season. The game will be held in conjunction with the Kinsmen Winter Carnival and will see the Huskies take on Huntsville. Game time is 2:30 p.m. In the other weekend match, the Huskies travel to Gravenhurst Friday evening for an 8:30 game in that community.

Burton foursome take bonspiel

Last Friday, Minden's new rink was a hive of activity and grand curling as the Minden Seniors held their first annual bonspiel. There was great sociability as old friends met in an all day competition.

Jim Burton's rink with Garnet Campbell, Lorne Coburn and Milt Endicott came through with two big wins, scoring 30 points against 29 points for Bert McKauge from Woodville.

Fourteen rinks took part with two each from Haliburton, Woodville,

Peterborough, Fenelon, Bobcaygeon and four local rinks. Bobcaygeon rinks under Skips Ken Comrie and

Harold McKlun won high singles as did Peterborough under Ken Chambers.

Activity got under way sharply at 9 a.m. finishing up at 5:30 with excellent curling and close scores indicating our district is blessed with some fine curlers still enjoying this great old game - with a welcome break for a fine lunch provided by our club ladies under the supervision of Mrs. Stan Blears.

Walter Webb and Les Walling brought in rinks from Haliburton's Senior Club and Minden's other skips were Ed Pettinger, Hal Burton, Cec Yearwood. It was good to see Bill Weaver from Fenelon

back in action after being ill for the early part of this season - causing him to miss participation in OCA events in which he was many times a winner.

Earlier in the week rinks from Haliburton and Minden took part in Peterborough's big Senior Spiel - missing out on prize money but again turning in some fine curling and close finishes.

The Senior club in Haliburton is mixed with just about equal ladies and men, and growing fast. The Club is planning their Annual District 'Spiel' late in February with a mixed 'Spiel

not often seen in senior circles - an experiment we think will prove popular.

Minden's fine Senior Club is to be congratulated on achieving an active Senior Men's membership of over 100. Plus many social members who help out on a voluntary basis in the many chores required around a curling rink. Beginning over twelve years ago by such still active members as Art Hodgkinson, Sandy Stewart, Cec Yearwood - and more. Ed Pettinger, Stan Blears, Herb Gill, Lorne Coburn and more are carrying on a fine tradition. This Club is also planning an active Senior Ladies section.

Keep it clean

At this time of year many people are enjoying out-of-doors winter activities such as ice fishing, snowmobiling, cross-country skiing or even tobogganing and ice skating.

Whatever the activity, it is always a pleasure to find recreation areas unspoiled. Unfortunately this is not always the case. Favourite spots are too often found littered with lunch refuse, pop and beer bottles or tins, and other garbage. Each season many sites must be cleaned up by other concerned persons, or in many cases, by staff from the Ministry of Natural Resources.

How many times have you seen locations where thoughtless persons have left garbage and debris along your favourite trail or around your favourite ice-fishing spot, and muttered to yourself, "there ought to be a law?"

Take heart! There is a law and if violators are caught, they can be prosecuted. There is provision under The Public Lands Act whereby an offender is liable to a fine of up to \$500.00.

As the March 31st deadline approaches for removal of fish huts from our lakes, a genuine effort to ensure that the sites are left clean and tidy should be an accepted responsibility of all good sportsmen. The same applies to winter trail users in the area.

After all, if you can pack it in full surely you can carry out the empty container. A good example to others in this regard may just be contagious.

(Prepared by the Minden office of the Ministry of Natural Resources)

Let's run around together.

PARTICIPATION

Briefs from Lutterworth council

The following are items of interest from the January 21 meeting of Lutterworth Township council.

Council approved a grant to the Haliburton County Snowmobile Association in the amount of \$220.

Under the Municipal Interest and Discount Act, a late tax penalty of 18% was established for 1982. The 18% is the highest council can charge according to provincial regulations; but it represents a significant decline from last year's tax arrears of 22.5%. The new tax penalty goes into effect April 1st.

Council was notified of the appointment of Bill Wilson as Fire Services Advisor for the Peterborough, Haliburton and Victoria areas. Wilson was appointed by the Fire Marshall through the Provincial Solicitor General's office.

Council has started proceedings against six properties in the township for overdue municipal taxes. The six owners affected have one year to settle overdue accounts.

Council received 30 objections to the new zoning by-law, but none are considered major. The chief objection came from the Ministry of Natural Resources, asking that hazard lands - those subject to flooding - be indicated in the by-law. The council plans to meet with Ministry representatives for discussions before the new by-law is presented for consideration by the Ontario Municipal Board at a public hearing.

A date for the hearing will be set by the Ontario Municipal Board once they have reviewed the revised by-law submitted by Lutterworth council.

Steamrollers just keep rolling along

As of January 19, 1982 the Steamrollers of the Tuesday afternoon Bowling League are still in first place with a total of 224 1/2 points, the Misfits are now second with 208 1/2 points, the Troopers third with 202 1/2 points, the Road Runners fourth with 201 points, the Bloopers fifth with 196 1/2 points and the Dambusters in last place with 182 points.

Triples of 600 and over were rolled by Harry Henderson 618, Eleanor Young 630 and Roy Parnell 624.

Games of 200 and over were rolled by Eleanor Young 212 and 286, Jennie Riches 209, Nick Nimigon 210 and 212, Loretta Henderson 202, Bill Mighton 219, Peggy Bassett 213, Harry Henderson 231,

Virna Wagg 208, Millie Boskett 205 and 211, Ruby Mighton 205, Mary Orpana 216, Gloria Nimigon 204, Roy Parnell 211, 212 and 201 and Gladys Wruth 202.

Loretta Henderson and Ruby Francis came up with fourth prize in the high-low doubles competition against the other leagues who bowl at Carnarvon Lanes.

A Message to Parents regarding FLUORIDE SUPPLEMENTS

Fluoridation of the water supply reduces tooth decay by 66%.

However, in our Health Unit Area, no municipal water supplies are fluoridated.

If children up to 14 years of age take daily fluoride supplements (tablets or drops), benefits equivalent to fluoridation can still be obtained.

(These benefits are in addition to those received from fluoride toothpastes, treatments and mouth-rinsing programs.)

To ensure your child is receiving the correct dosage, contact your physician, dentist, or Health Unit Dental Services for a prescription for Fluoride supplements.

Families with private wells should first obtain a free water test kit (for fluoride) from your local Health Unit office. Many wells in our area contain adequate natural fluoride.

For further information contact: Haliburton, Kawartha, Pine Ridge District Health Unit Mountain St., Haliburton, Ont. Phone 705-457-1391

The author of the message on the side of the hill at Archie Stouffer School had to wait until recess to identify the person to whom the sentiments were directed. The first two words, "I LOVE" were stamped out by a less than shy correspondent Monday morning. Our photographer decided that discretion was called for and avoided returning later in the day to discover the intended recipient.

Terms of dump study questioned by councillors

There is still controversy surrounding a waste management study that has been proposed for Haliburton county. A draft of the terms of reference for the study, to be carried out by the Ministry of the Environment and private consultants on behalf of the county, was presented to council by County Engineer Bill Obee and MOE representative Wayne Moore at the January 20 meeting of county council.

The study was initially intended to examine the capacity of existing dumps in the county and identify future sites, while providing recommendation for rezoning procedures for potential sites. Councillors are now objecting to aspects of the study which they consider excessive, and the increased consulting costs that could result if the proposals are left in.

According to MOE representative Wayne Moore, the proposals follow the terms of a study carried out by the MOE for Muskoka. Besides examining existing and future sites, the Muskoka study investigated disposal methods such as incineration and open burning, and examined the feasibility of operating dumps on a county basis, instead of a township basis, as is currently the practice. The study, carried out at a cost of \$27,000 concluded that no changes were needed to present waste disposal methods in Muskoka.

Among the study suggestions which drew objections from council was the proposed investigation of construction and maintenance costs for roads needed to service future dump sites. County Warden Ron Gambell said that road cost estimates would be obsolete when future sites are finally

developed. He said that such estimates could be more easily provided by local authorities at much smaller costs than those charged by private consultants.

Stanhope Reeve Jim Harrison also expressed concern over provisions in the proposals for an investigation of industrial waste disposal in the county. Since Haliburton does not currently generate significant industrial wastes, Harrison sought assurance from Moore that the study would not be used to identify disposal sights for wastes from surrounding industrial areas such as Peterborough and Toronto. Moore explained that the study would pertain only to industrial wastes created with in the county.

In responding to objections from council members, Moore also said that there is a provision in the study for additional recommendations from individual municipalities. He pointed out that

representatives from council and the county engineer would sit on the committee formed to carry out the study. In addition, the consultant for the study would be selected by council, he said.

When first introduced by the MOE in February 1980, the proposed study was turned down by county council before being passed when it was presented a second time last autumn.

Dysart et al Reeve Murray Fearrey moved that the budget committee and the

MOE work with consultants to reconsider the terms of the study and present revisions at the February meeting.

If accepted, the council will then apply to the MOE for funding to carry out the study.

The cost of the study would be shared equally by provincial and county governments. It has been estimated the investigation will cost \$20,000.

Minden council backs present county system

Anson, Hindon and Minden municipal council is satisfied with the number of members constituting the Haliburton County Council. A resolution stating that opinion was passed at the January 13 meeting of the council.

The council had been responding to a question raised by the county body as

that area.

However, 1981 Warden Murray Fearrey suggested last year that it might be an appropriate time for the council to consider changing the method of representation. The matter was referred back to the local councils for their comment.

In endorsing the present number on the council, the Anson, Hindon and Minden body added that if the members of the county government felt a change was needed then it would prefer a reduction to 16 members rather than 10.

Late last year the Minden council also endorsed a proposal to have the 'provisional' label removed from the county name. While the two items are being considered at the same time, they are not connected in any way and action can be taken on either without affecting the other.

New tire regulations

- by John Eakins, M.P.P. -

It is of interest to all constituents to be aware that new standards for tires used on vehicles operated on Ontario roads come into effect February 1, 1982. Essentially the Ministry has adopted the standards currently in use under the motor vehicle inspection program. Now those standards apply to all motorists, as well as those seeking to obtain a Safety Standards Certificate.

Under the new regulations, a mixture of radial-ply tires on the front and bias-ply or belted bias-ply tires on the rear will be illegal. Mixing of 50 or 60 series tires on the front with any other series mixture on the rear will also be prohibited. A combination of construction types or sizes on an axle are also banned, unless they are equivalent by tire industry standards.

This does not apply, however, to a temporary use spare tire in an emergency providing only one is used. Tires cannot be smaller than the vehicle manufacturer's specified minimum size, nor can they surpass maximum specified size so that they contact any part of the vehicle in such a way as to affect the safe operation of the vehicle.

Tires with any wording or lettering indicating the tire

was not designed for highway use will also be prohibited, including those bearing the words "Not for Highway Use", or "Farm Use Only", or "Competition Circuit Use Only", and the letters "SL", or "NHS", or "TG".

The regulations will also set minimum tread wear depths. Tires must be replaced, for example, when there is less than 1.5 mm of tread depth remaining, or when tread wear indicators contact the road.

Vehicles with a gross

vehicle weight rating of more than 4,500 kg must replace front tires with less than 3 mm of tread depth remaining. Tires with abnormal visible bumps, bulges, knots, exposed cord, or tread or sidewall cuts deep enough to expose the cords will also have to be replaced. And no tire can be regrooved or recut unless specifically designed for that purpose.

The police will have the authority to order a vehicle with faulty tires off the road under the regulations.

Farm days well attended -Agricultural report-

Over 800 farmers from across the area attended the five sessions of the East Central Farm Conference.

The soil and crop day had the largest attendance with over 230 persons on hand.

About 210 people attended the dairy day - this was the largest attendance for a dairy day in several years. The beef day program also attracted 210 participants.

The pork day in Peterbor-

ough was attended by 155 area farmers and 110 sheep producers were present for the sheep session.

The final sessions of the series of information meetings for farm people in the area, will be the farm business for farm women seminar. This program will be held in Lindsay on February 16 and 17. It will be a one-day program repeated on 2 consecutive days.

Kinette Corner

The Kinette Club of Minden held their last meeting January 12 at the home of Kinette Jean Jackson. Our Pot Luck suppers are getting better all the time and thanks again Jean for being a great hostess.

We have been involved in many little projects this month and have enjoyed each one of them. We served tea to the Senior Citizens at Hyland Crest, a very rewarding experience. We also had the opportunity of answering telephones for the Cerebral Palsy Telethon, thanks to Kinette Marj Young. We also had the chance to cook meals for our Kinsmen, the profit going to Community Service.

We have helped to support the Canadian Diabetic Foundation and the Cerebral Palsy Foundation with donations this month.

Minden Kinsmen's Winter Carnival is this weekend - January 29-31. Programs are available from local merchants and you will find more new attractions this year. Advance tickets are available for Blue Grass North on Friday and Saturday nights so get one now while they last. Minden has many pretty girls - so don't be shy, enter the beauty contest. Sock hops for the

teens will be held both Friday and Saturday nights this year and don't forget races on Saturday for the youngsters. Tommy Williamson will be

playing on Saturday afternoon in the Crowe's Nest and there are many more events too numerous to mention.

Coming events: Kinette's

Valentine Dance, February 13 - D.J. Tommy Williamson.

Again this year, we will be having a masquerade ball. Date: May 1. Place: Minden Community Centre. Dress: Costumes. Prizes, fun and games. D.J. Tommy Williamson. This is our Anniversary Night and will be a dinner and dance party.

Minden W.I.

The January 20 meeting of Minden Women's Institute at St. Paul's Parish Hall was opened by President Mrs. Clare Brown.

Twenty members and one guest were present and some turned in cards on the roll call. After this, reports were given and Mrs. W. Moore reported on sending 52 cards (including Christmas ones) since the last meeting.

Correspondence was read and one letter about workshops will be planned at February meeting.

Collections were taken for cards and pennies for friendship.

Every member is to turn in \$1.00 to Mrs. Kernohan in place of auctioning of five articles and this will be donated to the F.W. 10 expenses at B.C.

Mrs. S. Briggs kindly

offered to provide the required quilt block for the Erland Lee Project. The \$3 article will come from the bazaar articles stored with the president of Mrs. L. Cox will make a pair of slippers. These last three items go to the District Meeting with Director Mrs. L. Cox.

Mrs. M. J. O'Neill then gave a complete report of current events of 1981 and this goes into the Tweedsmuir History Book.

Congratulations were tendered to Alice and Lloyd Sedgwick on their 50th Wedding Anniversary of January 23.

Adjournment brought the meeting to a close and the next meeting will be at the common room of the Library-Cultural Centre on February 17 and all ladies are welcome.

Good wood going up in smoke

Improper culling of county trees is decreasing the value of Haliburton forests and increasing unemployment as a result, according to Elgin

Stouffer, chairman of the Haliburton County Forest Management committee and deputy reeve of Stanhope Township.

In a report presented at the

January 20 meeting of the Haliburton County council, Stouffer explained that most county residents are not discriminating in choosing the trees they cut for firewood. The result is that valuable

hardwood trees, which could be supporting the forest industry in the county, are instead cut and burned as firewood while less valuable timber is left standing.

Stouffer, who operates a

sawmill in Stanhope Township, told council that four out of five trees in the county are only suitable for firewood. He explained that one million board feet of standing hardwood could employ as many as sixty people throughout the forest industry if properly harvested, while it takes only ten people to

reduce the same timber to firewood.

Council accepted Stouffer's proposal to include brochures on forest management with this year's tax bills. He hopes such a move will draw attention to the issue among residents and help to protect Haliburton forests for future years.

Home & School elect executive

On Wednesday, January 13, 1982, a meeting of the Archie Stouffer Home and School took place in the school library.

The primary topic of discussion was the luncheon program and it was decided that a hot dog, milk and fruit luncheon for the children would begin in mid February and continue every second Friday. The luncheon program was a great success last year and the money raised helped to pay for entertainment and playground equipment for the children. However, parents are needed to help with the program.

An executive was appointed for the Home and School consisting of: president, Pat Brezina; vice president, Caryl Douglas; treasurer, Fay Maddock; secretary, Marianne Helsby; meal program chairman, Nancy Garbutt; and membership chairman,

Rozanne Hynard.

A most interesting film called "Eye of the Storm" was shown after the meeting. The film depicted a 3rd Grade teacher's lesson on discrimination by using her pupils' eye colour to form a basis for prejudice. In future, the Home and School hopes to bring in guest speakers and show films on topics of interest and concern to parents.

The attendance for this meeting was quite low and it is sincerely hoped that more parents will become actively involved in their Home and School. Please plan to come out! For information please

contact: Pat Brezina, 286-1958 or Marianne Helsby, 286-2980.

The next meeting will be held February 25 at the school library. Special education will be the topic under discussion.

Snowdon notes

Our January 11 meeting was held at the home of Jean and Stan Farrell. While it was an extremely cold night outside, the camaraderie

inside was warm, and we thank Jean for the use of her home.

Our Valentine's Dance will be held Saturday, February

13, 8 p.m. at Gelert Gardens. A limited number of tickets are available, and can be purchased from Lochlin Store, Gelert Gardens, Hancock's Store, and from Fred Simmons. The cost is

\$6.00 per person.

Some routes of our ski trails have been closed, most notably is the trail from the proposed community park through to South Lake. Please note that this trail is

open part way from the South Lake entrance.

Due to unforeseen circumstances, we are now endeavor-

ing to change our trail system so it will only traverse unopened township roads and our community park land.

The crossing of private lands has proven to be undesirable. To replace the distances lost due to this change, new trail circuits are cut within the

boundaries of the park site. These should be groomed and ready for use by the time of this printing.

It is apparent, due to the problems we have encountered, that we still have much to learn regarding ski-trails, and park planning. We hope you will bear with us as we grow

and perhaps come out to our meetings to help us in our project planning.

Our next meeting will be at Silver Birches Resort on South Lake, Monday, February 8. This will be a pot luck supper at 6 p.m., followed by our business

meeting. All members and their families are encouraged to attend and any other interested persons willing to

help the cause are also invited.

Don't forget to get your dance tickets early, as many were disappointed last time.

News from THE COUNTY TOWN

by Yvonne Guida

Mrs. Winnifred Bedlington is presently convalescing in Oakville Trafalgar Hospital. We all wish her a speedy recovery.

We were very happy to hear that Rev. Amos Brubacher is now home from hospital and feeling much better. Our thoughts and prayers are with you, sir.

Reverend and Mrs. George Elliott gave a thank you dinner at the Rectory on Friday, January 22, for the Wardens of the three churches in the parish. From St. Paul's - Lloyd and Helen Johnson, Glynne and Lyndsie Lewis, from St. Peter's - Peggy and John Barclay, and Iris and Doug Adamson, and from St. Stephen's - Agnes Taylor and Jean and Cecil Burk. A very enjoyable time was had by all.

Mrs. Rita Hodgkinson, formerly of the Wagon Wheel, is resting comfortably at Lindsay Hospital and hopes to be home soon. All our good wishes to her.

Mr. Edward Fielding of the Senior Citizen's Sunrise Apartments suffered a stroke on Friday last. He is presently in the Minden Hospital, but we hope it won't be long until he'll be on the mend, and back home again.

We were sorry to hear of the passing of one of our summer residents, Miss Gladys Whitcombe at her residence in Toronto on Friday, January 22, 1982.

This ultra-refreshing lemon ice has many serving possibilities. Mound it in cantelope half-shells or on wedges of honeydew. Or serve it in a dessert bowl ringed with strawberries and pass Cointreau to pour over. The King's Palace Hotel in Athens, Greece, is famous for

its lemon ice.

Lemon Ice

2 cups water, 1 1/2 cups sugar, 2 teaspoons grated lemon peel, 1 cup lemon juice.

Place water in a saucepan, add the sugar, and bring to a boil; cook until clear. Remove from heat and stir in lemon peel and juice. Pour into a shallow pan and freeze until set. Scrape into a bowl and beat with an electric mixer until thick and fluffy like cake batter. Return to a freezer container, cover and freeze until solid. Makes about one quart.

Let Me Think

If I give nothing - I cast a vote in favor of closing my church.

If I give only to local support - I vote to stop missionary activity in this hour of great world need.

If I give grudgingly - I shall find no joy, nor receive the blessing of the Lord.

If I give proportionately - I shall give something, even if, of necessity, mine must be small.

If I give systematically - I make it possible for my church to plan in advance and make it easier on myself.

If I give sacrificially - I shall testify to the high value I place upon Christ and the Church in ministering to the physical and spiritual needs of suffering humanity.

From the Hyland Crest Senior Citizen's Home, a big happy birthday and many happy returns to Royce Harrison, whose birthday is Saturday, January 30th, Ellen Johnston, celebrating on Monday, February 1st and Mary Langdon, her birthday is Tuesday, February 2nd. Our good wishes to you all.

Mr. Calvin Sisson of West Guilford, passed away this past week. He is survived by

his wife, and daughter Zelda Cooper of Minden. Our deepest sympathy to the members of his family.

I am pleased to report that Della Griffin in convalescing at her home in Minden after a lengthy stay in the hospital.

St. Paul's Thrift Shop will be open Friday, January 22nd from 1:30 to 4 p.m. There will be dresses for sale at 50¢. Do take advantage of the good buys.

On Friday a free movie for children was shown at the Cultural Centre starting at 7:30 p.m. There was a very good attendance of 39 children and 4 adults. The Centre plans to show these films on a monthly basis.

St. Paul's Parish Mini Card party winners are as follows: Cribbage - Joyce Hewitt and Vera Ward. Euchre - lone hands on a cut, Ethel Leigh, and the others - Nancy Moore and Dora Dawson.

Don't forget, these games are for everyone, so do come and meet the gang and have a fun afternoon. Light refreshments are served. The card parties are held every Thursday afternoon.

On Saturday, January 30, the New Minden Cultural Centre will be open from 3 to 5 p.m. Do come and enjoy a cup of tea while viewing the Andre Lapine exhibit and other paintings on display. Invite some friends, up for the Winter Carnival, to see the showing. It is well worth coming to see.

Memberships are available to support the project. \$10.00 for a single membership or \$15.00 for family.

"Till next week then -
Yvonne

At middle age, your tripping becomes less light and more fantastic.

Kids Korner

They say the Chinese invented spaghetti. Where did they get the idea?

Out of their noodles

What's the best way to get into the movies?

Buy a ticket

Where do little ears of corn come from?

The stalk brings them

What did the envelope say to the stamp?

Stick to me and we'll go places

What animal do you look like when you take a bath?

A little bear

What looks the most like the half of an apple?

The other half

Bye for now. Take it easy. God bless till next time.

Mr. and Mrs. Lloyd Sedgewick of Lutterworth Estates marked their fiftieth wedding anniversary Saturday with an open house. Friends, relatives and neighbours gathered to honour the couple who were wed January 23, 1932 by Reverend Bonis at the Clergy House, Minden. Among those offering their best wishes was Lutterworth Reeve and County Warden, Ron Gambell, left. He presented the couple with a certificate from the county marking their anniversary.

Doris is back with us again, with a dimple in her cheek. She has been on holidays, for a couple of weeks. Her Dad is teaching her to "call off" for a square dance competition. We're kind of hoping she will win, for she is in good condition. Her sister, Linda, filled in for her while she has been away. Now here's a gal who plans every move, and really makes it pay.

Reverend Burgess held service in our chapel Sunday night. Harold Thompson read the lesson from the 22nd chapter of Luke, and offered prayer. Reverend Burgess spoke on Christ praying in the Garden of Gethsemane - a real lovely service. Mrs. Thompson played and sang. She has a lovely voice.

We welcome Mrs. Edith Welch to our pleasant home, where we fare the best, and never more need roam.

A word about our Mrs. Eastman. We are so sorry she can't see, but she is knitting afghans, as lovely as can be.

We were sorry to hear

that Mr. Brubacher is in hospital in intensive care, from a heart attack. Sure hope he'll soon be well again and be no longer there.

We watched movies Monday night - "The Loon's Necklace" and "The Legend of the Raven". It was good to see these birds' behavior.

Tuesday morning Mr. Miller held service here. He spoke of Jesus and priorities. It was a lovely service, and we thank him for coming.

We are sorry that Mrs. Ellen Johnson fell and broke her arm. Cheer up, Ellen, be glad it wasn't a hip. We hope to see you back among us real soon.

Ted Carr spent Monday night with Doris and Russel Robertson, in their lovely home. Ted's a quiet sort of guy, but sometimes likes to roam.

Tuesday night, the Watson - Smith trio came as they often did before - played some lovely music for us, and still we asked for more.

We have a toe-tapping record, taped by Marjorie Swanton, for

Fun and Fitness. Something like we've been wanting. They say she loves old time music, and has her own band. If they would come, and play for us, it really would be grand.

Wednesday night was games night once more. We played different games, as we often did before.

Thursday afternoon was party time here at Hyland Crest. The ladies were from Lutterworth Estates, and really did their best. They brought sandwiches, cake and cookies served with a good cup of tea. They did it all so willingly, and were jolly as could be.

It is sing song time again this Friday afternoon. Mrs. Coburn and Mr. Ballard came to play some merry tunes. Mrs. Coburn read a couple of humorous poems, which we enjoyed very much. Thank you for coming.

We never know how very much,

A bit of love can do. For as we cheer each other's hearts

Our own gets lighter too.

Until next time.

Help your Heart Fund
Help your Heart

Lines from Lutterworth

by Jean Lacey

Hi! Weather up and down like yoyo. We'll have to change the weekend to the middle of the week to get some good weather for people on their days off.

Although it doesn't seem to deter the snowmobilers or skiers. There sure seemed to be a lot of traffic in and out on Friday and Sunday.

Glad to see Frank Dunsford home from hospital and getting better every day.

The MacDonalds had a lovely visit over the weekend with friends in Burke's Falls.

Rick, Pam and Jocelyn from Fenelon Falls were over visiting in the area on the weekend. Pam and baby

Jocelyn will be staying at friends for a few days then with the Dunsfords for a couple of days.

So sorry to hear that Clare Brown was in hospital. Hope he is up and about again.

Ken and Jeanne Bowron visited with Mr. and Mrs. Bert Bowron last week. Mrs. Bowron is still feeling under the weather.

Sorry to hear that Arnie Wright is off work with a bad back. Hope she is better soon.

The libraries are having a tape exchange this week. Go and look for your favourite music.
